ABOUT ME

Aspiring software developer and current MCA student with a strong academic foundation in computer applications and programming. Passionate about learning new technologies, solving real-world problems, and building meaningful projects. Highly motivated, quick to adapt, and eager to contribute to dynamic tech teams while gaining hands-on experience in software development.

SKILLS

- Java , Python
- HTML5, CSS3, JavaScript
- Node.js , Express.js
- React Native
- Android
- SQL , MongoDB
- Data Structures
- Team Collaboration
- Quick Learner

EXPERIENCE

Sensation Software Solutions - Mohali

July 2025 - August 2025

React-Native Intern

Worked on developing cross-platform mobile applications using React Native, focusing on clean UI design and reusable components. Built basic screens and forms, learning the fundamentals of component-based architecture and navigation.

Omninos Technologies - Mohali

June 2023 - July 2023

Android App Dev Intern

Gained practical experience in mobile app development. Focused on understanding project workflows, writing clean code, and learning the basics of Android app structure and UI components. Assisted in designing basic Android app features and understanding app lifecycle. Gained hands-on experience with Java, XML, and Android Studio.

Bachelors of Computer Applications | 2021-24

GNA University - Phagwara
CGPA - 8.54

Senior Secondary (+2) | 2020-21

Govt. Sen. Sec. School - Nawanshahar
Marks - 88%

Matriculation (10th) | 2018-19

Govt. High School
Marks - 93%

PROJECTS

• FOODORA

Android Food App - Android Studio , XML , Java
Designed and developed a mock food delivery Android app with user-friendly UI, showcasing basic features like browsing menus, placing orders, and navigating screens.

• NumToBase

Number System Conversion Android App
Built an Android app to convert numbers between decimal, binary, octal, and hexadecimal systems, focusing on input validation and real-time conversion logic.

• Portfolio Website

Created a personal website to showcase projects, skills, and contact information using HTML, CSS, and JavaScript.
